A son of James Briddle met with a serious accident Thursday of last week. He was shooting at birds in the mulberry trees, when the gun prematurely exploded, the entire charge taking effect in the fleshy part of the right fore arm. Miss Belle Husted closed a very successful term of school at Oak Dale last Friday. A picnic dinner and a literary and musical program were attractive features of the day's exercises. W. J. Selby who has been teaching in Utah for two years was present and addressed the children and patrons of the school.

D. D. Glenn, who spent the winter in Texas, is again at home, and has one of the largest contracts in the city. He is now remodeling Dr. Goben's residence from garret to cellar and putting in every modern convenience. The new structure will be one of the finest in the city. Mr. Glenn furnished the plans for the change.

An example of what may be accomplished by intensive farming is furnished by S. Goodson, the gardener, who a few years ago began business on rented land and lived in a rented house. By careful study and diligent cultivation, he has amassed quite a snug sum for a rainy day, owns his residence property, gardens and has town property which brings him a good rental. In his fields devoted to gardening not a weed is to be found, and his cabbage, now ready for market, his sweet potato fields, corn and tomatoes present a sight that is delightful. His gardens this year promise to be more productive and profitable than ever before.

The preachers of the Kirksville district, Missouri conference, M. E. church, have organized a camp meeting association, and expect to hold a camp-meeting, beginning August 23, and to continue over two Sabbaths. The place has not yet been fixed. The executive committee would be glad to correspond with parties who desire the meeting held in their community. The community that gets the meeting will be expected to furnish the grounds with light, water, seats, preachers' tent etc, and to receive, as a compensation for the same, the privilege of keeping a boarding tent and feed stable. No restaurants will be allowed on the grounds. All correspondence should be addressed to J. H. Poland, Kirksville, Mo., chairman of the Ex. Committee.

While P. J. Rieger was out driving with his family last Saturday evening, his horse became frightened at an O. K. engine and started to run. A short turn tilted the buggy and threw Mr. Rieger out who was dragged about a block, when the lines broke and the horse got away. After getting away from Mr. Rieger the horse started for home at break-neck speed. He came down the street to Millers lumber yard, then turned east, giving half the street when he met a vehicle. Mrs. Rieger and her two children staid in the buggy till the horse reached home, when in making a short turn the buggy upset and threw them out. Mrs. Rieger and the baby were considerably bruised, as was Mr. Rieger, but fortunately no serious injury was sustained by any of the family, and all are rapidly recovering from their fright and bruises.

The Populist convention held in this city Tuesday to nominate a candidate for Congress, nominated Hon. John M. London, of Macon, by acclamation. Mr. London is, beyond all doubt, the ablest man in the Populist party of the First District.

G. W. Dennistown whose marriage the GRAPHIC announced last week, has gotten into trouble with the boys. On Saturday evening about a dozen of the boys, armed with tin cans, called to serenade him and his bride. The boys were met by the constable and Mr. Dennistown who opened fire on them with revolvers. The guns were loaded with blank cartridges, but they frightened the boys and it is safe to say that no better running was ever done by professionals. Mr. Dennistown and the Constable overhauled one of the boys, a cripple, and compelled him to divulge the names of the other boys engaged in the sport. Monday Mr. Dennistown had them all arrested. A number of the boys pleaded guilty and paid their fines, but three of them stood trial and were acquitted. The boys will now retaliate by having Mr. Dennistown arrested for shooting at them. They claim to have three counts against him, viz: shooting on the public highway, shooting within the corporation limits of Kirksville, and shooting at random. If the boys who have engaged good counsel, make all the counts stick, the fun is likely to prove very expensive.
